**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Americans need local ISPs and competition in the broadband market to keep internet costs affordable and the internet accessible for all. I am a customer of a local ISP and telephone service provider and appreciate the better and more personal customer service and the options in ISPs. No broadband price hikes in order to avoid monopolies and encourage competition and access.
